**To whom it may concern,**

**Re: Letter of recommendation**

I would be proud to submit to you this recommendation for Bidvest – Top Turf who are Brettenwood's approved Estate landscapers. The Estate has been a client of Bidvest for under a year and we have always been extremely satisfied.

We find Bidvest to be extremely versatile, which we understand to be a valuable trait in a landscaping professional. Bidvest not only maintain the lawns of the open space areas, Forest Conservation areas (weed control, debris, and litter control), maintaining the walking trails (weeding/herbicide, mowing, sweeping), litter removal, dam maintenance, alien clearing and general landscape maintenance on the Estate, but also do routine maintenance on their equipment so it is in top form.

We are happy to recommend Bidvest and to answer any questions you may have or give you more details if you need them.

**Kind Regards**

**Owen John Lewis**
